## NEWS RELEASE

June 13, 2018

### North Kona Water Conservation Update

This is a Department of Water Supply (DWS) update for Wednesday, June 13, 2018.

North Kona customers are reminded to continue their **10% Voluntary Water Conservation** efforts by using water as efficiently as possible. Please make adjustments to irrigation and sprinkler systems to ensure they do not waste water.

Palani, Honokōhau, Hualālai and Wai'aha Wells remain offline.

Water tank levels are being monitored on a routine basis, however the Department will need to raise the water restriction if conservation efforts are not adequate. Please kōkua and do your part to conserve water, our most precious resource.

For more information on water conservation, visit our website at [www.hawaiiidws.org](http://www.hawaiiidws.org). For other questions or concerns, call (808) 961-8060 during normal business hours, (808) 961-8790 for after-hour emergencies, or email: [dws@hawaiiidws.org](mailto:dws@hawaiiidws.org).

Updated information will be forthcoming as it becomes available.

This is your Hawai'i County Department of Water Supply.
