## **Water Restriction Notice Reminder**

### **AREA AFFECTED: NORTH KONA, HAWAI'I**

Due to ongoing repairs to its wells in **North Kona**, the Department of Water Supply's **mandatory Water Restriction Notice is still in effect**. The Water Restriction Notice **requires consumers to reduce water consumption by 25%**. Listed are some ways to conserve water to reach the 25% goal.

- Stop lawn sprinkling.
- Stop car and boat washing.
- Stop dust control watering.
- Wash only full loads of laundry or dishes at a time.
- Check faucets and pipes for leaks.
- Serve drinking water only when requested.
- Keep a container of drinking water in the refrigerator. Use drinking water wisely.
- Do not let water run unnecessarily. Please shut the water off when you wash or brush your teeth. Use a glass to rinse when brushing your teeth.
- When bathing or showering, use water only to wet and rinse off.
- Do not fill up the bathtub.
- Do not flush toilets unnecessarily.

All agricultural users should keep water usage to a minimum. Irrigate only at night from 8:00 p.m. to 6:00 a.m. This measure will reduce water loss due to evaporation, and minimize water system usage during peak demand.

For more information, please contact the Department at (808) 322-0600 during normal business hours of 7:00 a.m. to 3:30 p.m.
