May 6 – 12, 2018:

American Water Works Association Drinking Water Week:

Drinking Water Week | May 6-12, 2018

“For more than 40 years the American Water Works Association and its members have celebrated Drinking Water Week – a unique opportunity for both water professionals and the communities they serve to join

together in recognizing the vital role water plays in our daily lives.”

August 26 – 31, 2018:

World Water Week:

“World Water Week is the annual focal point for the globe’s water issues. It is organized by **SIWI**. In 2018, World Water Week will address the theme “Water, ecosystems and human development”. In 2017, over 3,300 individuals and around 380 convening organizations from 135 countries participated in the Week.”

“Experts, practitioners, decision-makers, business innovators and young professionals from a range of sectors and countries come to Stockholm to network, exchange ideas, foster new thinking and develop solutions to the most pressing water-related challenges of today. We believe water is key to our future prosperity, and that together, we can achieve a water wise world.”

October 10, 2018:

Imagine a Day Without Water:

“Most Americans take the water systems that bring clean water to and from their homes and businesses for granted. They turn on the tap and flush the toilet without thinking twice about where that water came from or where it will go.”

Imagine a Day Without Water
October 10, 2018

“But could you imagine a day without water? Without safe, reliable water and wastewater service?”
