**WATER CONSERVATION NOTICE**

**AFFECTED AREAS: HAKALAU-WAILEA, SOUTH HILO, HAWAI'I  
NINOLE, NORTH HILO, HAWAI'I**

Due to the ongoing dry conditions, the Department of Water Supply is requesting customers in the affected areas to reduce your daily water usage by 10%. Listed are some ways to conserve water to reach the 10% goal:

- Wash only full loads of laundry or dishes at a time.
- Check faucets and pipes for leaks.
- Serve drinking water only when requested.
- Keep a container of drinking water in the refrigerator. Use drinking water wisely.
- Do not let water run unnecessarily. Please shut the water off when you wash or brush your teeth. Use a glass to rinse when brushing your teeth.
- When bathing or showering, use water only to wet and rinse off.
- Do not fill up the bathtub.
- Do not flush toilets unnecessarily.
- Review and reduce frequency of irrigation schedule by adjusting timers appropriately.

All irrigation and agricultural users should keep water usage to a minimum. Irrigate only at night from 8:00 p.m. to 6:00 a.m. This measure will reduce water loss due to evaporation, and minimize water system usage during peak demand.

For more information, please contact the Department at (808) 961-8790 or (808) 961-8060 during normal business hours or visit our website at [www.hawaiidws.org](http://www.hawaiidws.org).
