**WATER CONSERVATION REMINDER NOTICE
EFFECTIVE IMMEDIATELY**

**AFFECTED AREA: HONALO TOWN (TESHIMA'S RESTAURANT) TO ONOULI ROAD
(KONAWAENA ELEMENTARY SCHOOL); NORTH AND SOUTH KONA, HAWAI'I**

Due to the dry weather conditions, on-going repairs to well sources, and the National Weather Service's forecast for a dry season, the Department of Water Supply would like to remind consumers in the Affected Area that they are under a **Water Conservation** notice. Water conservation calls for a voluntary 10% reduction in water use. We ask for your kokua in reaching this water conservation goal. Listed are some ways to conserve water:

- Wash only full loads of laundry or dishes at a time.
- Check faucets and pipes for leaks.
- Keep a container of drinking water in the refrigerator.
- Do not let water run when you wash, shave, or brush your teeth.
- Reduce showering times.
- Use water-saving devices.
- Use a broom instead of a water hose for cleaning.
- Irrigate at night and with a bucket for small jobs.
- Use drinking water wisely.

All agricultural users: keep water usage to a minimum. Irrigate only when necessary and only at night and during non-peak hours, from 8:00 p.m. to 6:00 a.m. Minimize water use for dust control.

Please share this message with your family, friends, associates and community. We stand behind our mission to provide safe, reliable, affordable drinking water, and we ask you to stand with us in support of our motto: "Water, our most precious resource, Ka Wai a Kāne."

For more information, please contact Mr. Robert Ravenscraft, Water Service District Supervisor II, at (808) 322-0600.
